The Commissioners were instructed to relay the water mains on Broad and Summer Streets with pipe of proper size. This work was not completed because of the delay in getting material foı same.

The laying of new water main at Sullivan Flat could not be done for lack of material and labor

The Grannis Water System being discontinued, the eleven remaining properties are now being supplied from our Town System.

As stated in the report of the Planning Board that some parts of the Town did not have adequate fire protection - we have been aware of this fact for many years. The Water System was built in 1887, with pipe lines of suitable size. The records of 1894 show that the total mileage of pipe was 11-1/2 miles. Today we have 46 miles and 4888 feet of mains. 8000 feet of the old cement mains have been replaced by cast iron of larger sizes. The remaining 35,713, feet of cement pipe no doubt will be changed as fast as our income will allow.

The Department has always paid all of its Bond isssues and has never been a burden to the tax-payers.

Please remember that water rates have never been raised since the Town bought the System in 1902.

REPORT OF THE TRUSTEES OF THE FISKE FREE LIBRARY

The circulation which has been on the decline for several years again shows a slight increase. This was especially noticeable after the end of the war

Aside from fiction, biography, travel, history and books on current affairs have been the most widely read. There is an increasing call for technical books from returning service men. Books on jobs and salesmanship are also called for. More magazines were loaned.

Many attractive books have been added to the children's collection These include books on art, music, hobbies and foreign countries. The young people still have a great interest in books on the war and aviation.

The circulation for the year was 68,508. 1378 books have been accessioned of which 95 were gifts.

562 borrowers were added.
439 books were discarded.

Books have been loaned to the public and parochial schools, bookmobile, Frances Tolles Home, Rural Women's Reading Club, Monday Reading Club. Newberry Public Library and to several other groups.

The State Library and its extension service has been very helpful to us,

Floors and tables have been refinished which has added to the appearance of the building.

Mrs. Mildred Chandler attended the N. H. L. A. at Laconia in October.

Books on special subjects are always on display. Lists of books have been printed in the Daily Eagle. We wish to thank the Eagle for that service.

We observed Good Book Week in November with display of books emphasizing the slogan. - United Through Books. Several of the grade teachers brought their pupils to the library. One of their chief delights is visiting the Historical room.

There has been an increased use of the Reference and Reading rooms

Our assistant Ina Townsend who joined the W.A.C's early in the war has returned to the library. With her return we hope to catch up with many things that have been neglected for lack of time. and to serve the public more efficiently.

As usual many gifts have come to the library during the year. We wish to make special mention of the following:

Ashley, Mr. Richard J.	Books
Carchrie, Mrs. Robert	Books
Converse, Harold H.	Japanese Shoes Rice Dish
Hilliard Mrs. Deane	Books
Holt, Miss Marion	Indian relics

Krevis, Mr. E. A.	Photostat copy of the Instrument of surrender of Japan to the Allied Forces

HEALTH OFFICER'S REPORT

To the Board of Selectmen:

Routine programs of the Health Department have been carried out and completed this past year with some increase of number in cases handled. This due particularly to one outbreak of Diphtheria, necessitating a more thorough preventive program than is common in years when no specific outbreak has occured.

It has been the opinion of the Health Department that a definite physician shortage has existed here beyond reasonable war-time quotas. This situation was relieved through assistance of Governor Dale and the State Board of Health. We are grateful for this additional care and service.

Diphtheria immunization for the prevention of this disease has been continued as in former years by the Health Department. This is given to children not having previously been treated. This work is done on a voluntary basis and free to Claremont children. This treatment may be done either as a single or double innoculation treatment, as parents may choose. However the Health Department recommends two injections, as was used in most cases this year.

Acting in accordance with requirements of Chapter 123, Public Laws of New Hampshire, school children not already having been vaccinated against Smallpox, were done during the school recess or at the beginning of the school year under the direction of the Board of Health and the cooperation of School Department.

Regular and routine inspections have been made of all food handling stores, restaurants, ice cream and soda fountains, fruit stores, drink dispensing establishments, and barber shops with the general finding of conditions very satisfactory.

There has been a total of 49 nuisance complaints investigated and abated, to the satisfaction of the complainants as near as was possible. Many complaints have been received regarding the so-called poultry nuisances existing here. These conditions in most cases were places where poultry were kept for home use due to war conditions: others were kept as a means of livlihood. An ordianance to abolish the housing of poultry in residential areas has been under consideration: however it is thought best to put this vital question to a vote of the towns people in the next annual meeting.

The communicable diseases reported this year is lower than usual. Probably this is due to the fact that only a relatively few diseases require quarantine now. We have relied much in the reporting of child sickness to the cooperation of our school nurse. We sincerely request parents to help keep us informed as to existing sicknesses in Claremont as nearly all diseases are, according to law, reportable, to the State Board of Health, Those reported during the past year are as follows:

Tuberculosis, 9; Scarlet Fever, 19; Diphtheria, 4; Chicken Pox, 17; Spinal Meningitis, 2; Erysipelas ,2; Mumps, 16; Infantile Paralysis, 1; Whooping Cough, 2; Veneral Diseases, 22.

Routine samplings of municipal water supply have been made and submitted to State Board of Health Laboratories at Concord for analysis. The results of these samples have been highly satisfactory. Also several private water supplies have submitted water samples, mostly at their own requests and none of these have this year proved to be unsatisfactory for drinking purposes.

The meat inspection department has been functioning according to regulations set forth in local ordinance providing for it in 1943. The town of Claremont has had meat at all times this past year. Routine inspections of all carcasses sold here have been made as well as meat market inspections.

The Milk Inspection Department has carried on its routine inspections of stables and dairies and have regularly submitted samples of milk to the State Board of Health Laboratories at Concord for analysis. Even with all present shortages of labor on farms the findings have been very good.

The Board of Health wishes to thank the public, the physicians, the school nurse, the nurse connected with public health work here and nurses aids; the Claremont General Hospital and Staff and others who have given their cooperation and assistance in carrying out public health work in the past year.

ANNUAL REPORT OF THE N. H. TUBERCULOSIS ASSOCIATION, CLINIC AND NURSING SERVICE CLAREMONT, 1945

Clinic and Nursing Service, Claremont, 1945.

Throughout the year the New Hampshire Tuberculosis Association held chest diagnostic clinics at regular intervals, including the "Vollmer" tuberculin test and X-ray of chest where indicated. The follow-up service in the home, social welfare for tuberculosis patients and their families has greatly reduced the number of relapses. Report on years work as follows:

Number of clinics held	7
Number of persons examined at clinics	212
Number of patients new and old having X-ray of chest	135
Number of Patients given tuberculin test	40
Number of new positive cases of tuberculosis reported to Health Officer	9
Number of positive cases of tuberculosis under supervision of clinic	172
Number of patients cared for at sanatoria	5

The generous support of the people of Claremont in the 1945 Christmas Seal Sale, assures a continued program of tuberculosis control in 1946.

REPORT OF MEAT INSPECTOR

The following is a report of the total number of livestock killed in Claremont under inspection this past year .

Cattle	Calves	Sheep	Hogs
743	88	115	74

The following is the number of meat animals condemned as unfit for food

Cattle	Calves	Hogs	Parts-livers,etc.
11	7	2	98

Inspection of stores and meat selling establishments have been made and when necessary spoiled meat has been destroyed. On one occasion eight whole beef carcases were condemned due to improper cooling & spoilage.

With the prospect of one or two new slaughter houses and additions to the one already in operation and with the war over and our regular butchers back, it looks like a very busy year next year.

If the meat shortage continues, and everthing indicates it will be as bad or worse for the next few years, the temptation to slaughter and sell uninspected and perhaps diseased meat is going to be even worse than it has been in the past, and it behooves the public not to buy any meat without the stamp of approval and to report to the meat inspector the name of any person so offering that meat.

There is only one reason to offer the public uninspected meat and that is that the seller is afraid it would not pass inspection due to some disease or filthy condition. Inspection of meat to be sold in Claremont does not cost the slaughterer any inspection fee providing it is killed in the town, therefore there can be no other excuse.

REPORT OF MILK INSPECTOR

During this past year several major changes have been made in the delivery of milk in Claremont.

Newport Dairies have bought out the routes of two of our larger pasteurization plants and some of the smaller routes. They purchase milk of Claremont producers and take it to Newport where it is pasteurized and bottled and delivered in Claremont.

This necessitates the regular inspection of these plants.

Inspections have been made and licenses have been issued as usual. Milk samples have been taken and laboratory tested. Corrections have been made when found necessary but all in all conditions have been very good.

We have been able to keep the milk supply about normal in spite of shortages all over the country.

If dairy feeds have to be lessened much more, I don't know what will happen. But with the help of the farmers and dairymen, we will try to have enough milk for Claremont.

Cattle supplying milk for the town of Claremont have been both blood tested and tuberculosis tested. Reactors removed according to State laws.

I wish to thank the dairy men and public for their cooperation during the past year and trust the report next year will not be any worse.

Respectfully yours.

W. R. HAUBRICH, V. M. D.

Milk Inspector

POLICE DEPARTMENT

To the Police Commissioners and Citizens of Claremont:

It is with pleasure that I submit my thirteenth annual report. From January 1, 1945 to December 31, 1945 there were 402 arrests, classified as follows:

Murder (Attempt)	1	
Rape (Attempt)	1	
Burglary	2	
Larceny (Except Auto)	9	
Auto Theft	2	
Other Assaults	16	
Sex Offenses (Except Rape)	2	
Offenses against the family	4	
Drunkenness	171	
Disorderly conduct	19	
Vagrancy	2	
Driving while intoxicated	18	
Violation of Motor Vehicle Laws	74	
Parking violations	19	
All other offenses	20	
Juveniles	41	
		402

Disposed of as follows:

Paid	195	
Time to pay	24	
Committed	33	
Suspended or Filed	20	
Arrested for Other Town Officers	22	
Bound over	4	
Appealed	3	
Discharged or Released	60	
Juvenile	41	
		402

Persons given lodging	287
Business places found unlocked	191
Motor Vehicle accidents reported	203
Persons killed by motor vehicles	0
Persons injured by motor vehicles	41
Calls requiring the use of stretcher	6
Persons taken to State Hospital	11
Bicycles registered (Reg. expires May 1, 1944)	1010
Radio Transmissions	14,776

RECOMMENDATIONS

That four full time officers be added to the department.

That all full time officers be placed on an annual salary.

That the department be authorized to replace motor vehicles, funds to be taken from the regular appropriation when necessary.

That some action be taken on remodeling the cell block.

REMARKS

Due to the large increase of demands made to the Police Department the present officers have been called upon to work an unreasonable number of hours. Officers have been paid for the extra hours of duty. The time has come to build up the department to meet the present day needs.
I would like to call your attention to the figures for 1945:

100% increase over 1944 Motor Vehicle Accidents
130% increase over 1944 Violation Motor Vehicle Laws
20% increase over 1944 Drunkenness
30% increase over 1944 Assaults
33% increase over 1944 Juvenile problems

Family and neighborhood arguments have increased greatly this past year.

During this year the Postwar Planning and Industrial Commission has made an investigation or study of the Town departments including the Police Department. I have welcomed this investigation and it is the first time that any group of taxpayers have made a complete study of this department during the time that I have been connected with it since April 7, 1931. While our opinions and ideas may not agree one hundred per cent it is of pleasure to me to feel that some group has interested themselves enough in our department to make a thorough study of its workings and set-up, as well as to make recommendations for the improvement of the department.

Henry J. Marcotte has returned to the department after an absence of a few months and Francis L. Desmaris has resumed work after serving in the U. S. Navy for two and one-half years.

I wish at this time to express my appreciation to the Police Commissioners, Deputy Chief William Lynch, and all of the Police Officers for the splendid cooperation that they have given me this past year. I also wish to thank Sheriff James McCusker, Officers of the State Police, Members of the Fire Department, our local Chamber of Commerce, and Telephone Operators who have helped this department in trying to carry on its work during this past year.

Respectfully submitted,

WILLIAM C. NOBBS
Chief of Police

CHIEF ENGINEER'S REPORT

To the Board of Selectmen:

I hereby submit my report for the year ending December 31, 1945.

There were 10 Bell Alarms, and 291 still alarms, making a total of 301 alarms. There were no disastrous fires during the year. The Department answered less calls, than the year of 1944, which in my mind speaks very highly for the Citizens of Claremont, in keeping the fire loss down.

The estimated value of Buildings damaged by fire.	$134,900.00
Insurance on said Buildings	128,800.00
Estimated damage to Buildings	13,309.83
Insurance paid	11,286.35
Estimated value of contents	167,850.00
Insurance on said contents	138,200.00
Insurance paid	2,002.69
Estimated Damage to contents	5,452.69

The new Aerial ladder truck was delivered last March, and it is the opinion of the fire officials, that this addition, will increase the efficiency, and safety of the Department.

With exceptions, the apparatus is in good condition. The American La-France Combination purchased in 1915 at a cost of $6,000.00, for the past six years has been used only in a emergency, as the Board of Engineers, did not believe that this truck could be depended upon, and in case of a break down no new parts could be obtained. This truck is obsolete, and I do not recommend a replacement of this truck.

The Brockway purchased in 1922, at a cost of $4,000.00 and made over by the Department in 1939 to a Forest Fire and Farm Truck should be replaced in the future, with a new and up to date Forest Fire Truck.

Plans should be made also to replace the American La-France Pumper and Booster, purchased in 1930, at a cost of $6,500.00. This is one of the first line trucks, and has had a lot of service. I would recommend, when a new truck is purchased, that this pumper and booster, replace the old American La-France Combination purchased in 1915, and to dispose of the old combination.

The Department has on hand 8000 ft. of 2 1/2 inch hose. I would recommend that it be increased to 10,000 feet. No new 2-1/2 inch hose was purchased the past year. It was the opinion of the Board of Engineers, that a better grade of hose could be purchased in the future. 500 ft. of 1-1/2 inch hose was purchased the past year, which makes a total of 1800 ft. of 1-1/2 inch hose on hand.

No new fire alarm boxes have been purchased, during the past four years, due to the war it was impossible to purchase new boxes. I would recommend that in the future, some 30 boxes that are over 40 years old, be replaced with new boxes, and additional boxes be added to the fire alarm system.

One new hydrant has been added, on Broad Street, opposite the R. K. Dow home. I have no recommendations, for the purchase of new apparatus this year.

I wish at this time to express my appreciation, for the cooperation given me by all, including members of the Department, Police Department, Telephone Company, and the Public in general.

Respectfully submitted

ALLEN L. PALMER

Chief Engineer.

FIRE WARDEN'S REPORT

For the year ending, December 31, 1945

To the Selectmen and Citizens of Claremont:

I would submit the following report:

The Town of Claremont was very free of Grass and Brush fires the past year. The total cost to the Department, was $8.00. I believe this is the lowest cost in years.

I would like at this time to ask the Citizens of Claremont, to try and keep this cost down, as in the past year and to sincerely thank the Public for their cooperation and assistance.

140 permits were granted in 1945, to burn grass and brush, the matter of permits is lived up too very well, which is a very great help to the Department, as we know at all times, who is burning , and where the burning is going on, which saves the Department a lot of unnecessary runs.

There are 7 Deputy Wardens, H. R. Fraser, W. M. Burr, Fire Station; Alfred Pierce, Dean Hill; A. H. Freeman, Red Water Brook; George Braley, Beauregard Village; Esmond Dansereau, Mulberry Street; and C. L. Cann, Pearl Street.

POSTWAR PLANNING AND INDUSTRIAL COMMISSION

ANNUAL REPORT

There have been several changes in the personnel of the Commission and its employees during the past year. The vacancy caused by the death of Alexander F. Millar was filled by Herman Van Houten, and that occasioned by the resignation of Rev. Ernest A. Brown, due to change of residence, was filled by Arthur A. Davis. Ernest F. Kidhardt was elected Treasurer to succeed Rev. Brown.

Mr. John A. Regan, former executive secretary, retired on account of will health and was replaced by Edward S. Pegram, Jr. on April 15, and Mrs. Grace J. St. Amour was employed as full-time secretary, in charge of the office, on May 28th.

The response to questionnaires sent to people in the services was most satisfactory. Some 650 completed questionnaires were returned which gave an average of about 35 percent, higher than that obtained by many other communities in similar programs. These reports gave this Commission information on the plans of those in the Armed Services.

One of the continuing functions of the Commission has been in connection with various problems presented by the Claremont Municipal Airport A special Airport Committee was established, as a sub-committee of the Commission, which has acted on numerous matters connected therewith.

When the Commission entered upon its program of a study of the Town Departments, it started with the Water and the Sewer Departments. A comprehensive report was prepared on each of these Departments.

A complete report has been prepared on the Police Department of the Town of Claremont and this report was checked by the Superintendent of the New Hampshire State Police, Colonel Ralph Caswell, to see that the material contained therein was properly presented and that the conclusions and recommendations drawn from the report were in line with accepted police procedure for the State of New Hampshire.

A complete report has also been prepared on the Fire Department of the Town of Claremont.

In preparing the report on the police Department, the attention of the Commission was called to existing traffic and transportation conditions in the Town and preliminary investigations were undertaken and correspondence entered into with authorities on this subject. Subsequently, the Claremont Chamber of Commerce requested that the Commission undertake a traffic survey. Two outstanding engineering firms in this field were contacted by the Commission and their representatives called at the Commission office for a thorough discussion of the subject and made preliminary observations of traffic conditions in Claremont. These firms have submitted bids on making complete traffic surveys of the Town of Claremont.

Realizing the necessity for a diversification of industry in Claremont, the Commission has made studies of those industries which are suitable to our community. Correspondence has been carried on with a number of individual corporations interested in plant sites or plant facilities. The

Planning Commission is working in close cooperation with the State Planning and Development Commission, has provided the State Commission with information on available industrial plants and sites and, in turn, has been furnished with several contacts. The Commission has acted as a consulting agency to the Claremont Industrial and Development Corporation in connection with the Monadnock Mills property and has been able to refer several inquiries for space to that Corporation. The Commission assisted in making it possible to retain the Royce Shoe Company.

The Commission has acted throughout as an advisor and consulting agency in the case of the transfer and projected development of the Olney property on Washington Street, and has assisted in preliminary plans and layout of this development. The Commission has also examined possible locations for housing projects of various types.

In the course of its investigations into land use in the Town of Claremont the Commission found in May of 1945 that it was the intention of the Engineer Department, U. S. Government, to reactivate the Claremont Food Control Project for immediate postwar construction. In order to meet the situation, the Commission appointed a sub-committee on Flood Control which developed the feeling of the people of Claremont on the subject which was brought to a head at a Citizens' Meeting held on August 6th, at which time it was clearly evident that the project was not desired by the Town of Claremont. This Commission prepared factual data for presentation at a Hearing before the New Hampshire State Water Resources. Board, at which the Corps of Engineers presented their case for the project.

With a view to improving the recreational facilities available to the Town of Claremont, and in order to find out what facilities are most desirable at this time, the commission appointed a sub-committee on Recreation. This Committee has held a number of meetings and has inspected all existing recreational facilities and examined possible additional sites.

Underlying the work of the Commission in connection with the various Town Departments has always been the thought of developing a sound financial plan for the community. This has given rise to the study and tabulation of the cost of operations, debt service tax rates and assessed valuations in past years.

The Commission, in the Course of its work, has found that one of the most needed facilities for the Town of Claremont is an accurate, reliable map showing the streets, business and industrial areas, residential districts parks, streams, mountains and other features. Work has been started on this project.

Much information on various subjects is on file in the Commission's office and is available at all times to the citizens of Claremont.

The Commission wishes to take this oppor tunity to thank the Selectmen, heads of various Departments of the Town of Claremont, various Town Officers, and the Daily Eagle for their helpful and willing cooperation during the past year.

Respectfully submitted,
Claremont Postwar Planning and Industrial Commission
EDWARD S. PEGRAM, JR., Executive Secretary
